

Learning OPPORTUNITIES

Participating in a Series of Webinar Sessions to Improve Your French Speaking Skills with Annie Drapeau

February 24, March 10 & 17, 2010 from 4:00 p.m. to 5:30 p.m.

WHO SHOULD ATTEND: Teachers who are teaching FSL and wish to improve their French language competencies

ABOUT THIS LEARNING OPPORTUNITY:

Through an on-line environment setting called a "webinar" you will participate in a professional development activity to further develop your French speaking/oral skills. Additionally, participants will learn/use "Podcasting", a useful tool in the development of oral communication in the classroom.

Short for web-based seminar, a webinar is a presentation or workshop that is transmitted over the web. The key feature is its interactive elements – the ability to give, receive and discuss information, typically through tools such as slide show presentations, video, audio, websites and text.

You will require a computer with high-speed internet, speakers and a microphone (or a headset with a microphone). Participants must complete a "First Time Users" test of their system by visiting <http://elluminate.com/support/index.jsp> at least two days prior to the webinar. If you have any questions, please contact the ERLC at 780-444-2497 or email us at info@erlc.ca.

ABOUT THE FACILITATOR:

Annie has 20 years of experience in the French Immersion classroom. Her colleagues know her as the 'go-to' person when it comes to finding innovative ways to engage students in their learning and using emerging technologies. For the last three years, she worked at Alberta Learning's Technologies Branch developing technology projects mainly for the new Social Studies program.

This learning opportunity is subsidized as a result of a grant from Alberta Education to support implementation.
