

This learning opportunity is subsidized as a result of a grant from Alberta Education to support implementation.

Registration deadline:
**Tuesday,
July 27, 2010
at 10:00 a.m.**

**Please register with payment
as soon as possible to avoid
disappointment.**

Getting Your Math 6 Program Ready to Roll for September! with Debbie Windwick-Petkau

August 18 and 19, 2010 from 9:00 a.m. to 3:30 p.m.

WHO SHOULD ATTEND: Grade 6 Mathematics Teachers

ABOUT THIS LEARNING OPPORTUNITY:

Come and spend two days deepening your understanding of the revised mathematics curriculum and learning practical ways to implement the 2007 curriculum in your math class. Important mathematical concepts can best be taught through problem solving. Explore what problem based learning looks like and how to use manipulatives effectively to support and engage your students learning. Time will be given to work with colleagues and the facilitator to plan or update your math program. If you have a laptop, please bring it with you. You may also want to bring any teaching resources you are using to assist during the planning time.

ABOUT THE FACILITATOR:

Debbie Windwick-Petkau has worked in Edmonton Public for 22 years and her experiences range from K - 9 with the majority of her work being elementary. She has taught at a wide range of schools, all with unique and differing needs. She is also a member of the ERLC Regional Math Team. She is a strong believer that all students can and are capable of learning. Debbie is passionate about mathematical literacy for children. She is a trained Power of Ten instructor and has worked with a variety of teacher groups using these strategies to improve math learning and achievement for students.
