

This learning opportunity is subsidized as a result of a grant from Alberta Education to support implementation.

SMART Boards 102 - Get SMARTer with Kelli Holden & Sharon Lundeen August 20, 2010 from 9:00 a.m. to 3:30 p.m.

WHO SHOULD ATTEND: K – 6 Teachers and Administrators with some SMART Board experience

ABOUT THIS LEARNING OPPORTUNITY:

Now that you've got started using your SMART Board, where do you go next? This session will give participants time to explore Essentials for Educators and the Lesson Activity Toolkit, and use them to create Notebook activities to take back to the classroom. Since SMART Boards are not just for teachers but students too, we'll share some methods and examples of using Notebook for student created projects. We'll also cover some new tips and tricks and discuss effective models for using the SMART Board to engage learners.

(Participants are encouraged to bring fully charged laptops loaded with Notebook 9 or 10. Note that a free download on Notebook 9 is available from www.smarttech.com).

ABOUT THE FACILITATORS:

Kelli Holden has 20 years of classroom teaching experience and has always had a keen interest in using technology to bring curriculum to life for her students. She's been a Technology Integration Facilitator, a Telus 2Learn lead teacher and a recipient of a SMARTer Kids Foundation Innovation Use of Technology award.

Sharon Lundeen is a Technology Integration Assistant at Millgrove School. She has worked extensively with students and teachers in using technology to support learning from the initial setup and installation through to classroom delivery and celebration. She has explored many activities involving SMART technologies and the use of the interactive whiteboard. Sharon is a SMART Certified Master Trainer.
